CANTILEVER SHELVING SYSTEM

Cantilever Shelving System consists of a pair of upright frames, including the base shelf assembly, wire shelves and bracket arms in straight or incline type. Can be used in coolers, freezers as well as dry storage areas. Upright frames 12 gauge, 3 1/8" x 1 1/4" tubular steel, 72" high. Bottom shelf is 27" deep, 8 1/2" high. Wire shelves have a 600 lb. capacity. Bracket arms have an 800 lb. capacity. 3000 lb. total capacity. Finished in metallic blue powder epoxy. 10 year warranty against rust and corrosion.

Cantilever Shelving

Cantilevered shelves offer easy access to contents. Shelf height quickly adjusts on 6" increments to meet a variety of your storage needs. Wire shelves are reinforced for extra strength with front-to-back welded top surface ribs.
