

WIRE CONTAINERS

Folding Wire Container

- Sets up in seconds, folds flat to save space and shipping costs
- Drop gate for easy access when stacked

Open mesh construction provides excellent visibility of contents, easy inventory control and eliminates dust and dirt build up. One piece heavy duty folding container features wire mesh arc welded to channel formed steel base. Sides and corners are heavily reinforced. Stacking legs permit handling by forklift or pallet truck; legs are notched to interlock for positive stacking. Add Hinged Lid and padlock for security. Optional dolly base makes your container mobile. Simple boltless attachment includes 5" x 2" polyurethane cast-er wheels, 2 swivel and 2 rigid.

Stacks 4 High

HINGED LID is padlockable for security
