Slant Shelf Display Rack

This versatile system incorporates standard shelving components with our slant bracket. Slant shelving can be easily adjusted at various angles by changing the position of the brackets. All units are 14" D x 24" W up to 60" W and 63"H without casters.

Each unit requires a minimum of one standard shelf for the bottom and top positions. Add as many slanted shelves as desired. All shelves are adjustable on 1" increments using our standard Nexel posts.

Slant shelves are 12" D with a 1" high lip on all four sides.
