OFFICE & COMPUTER FURNITURE/EQUIPMENT

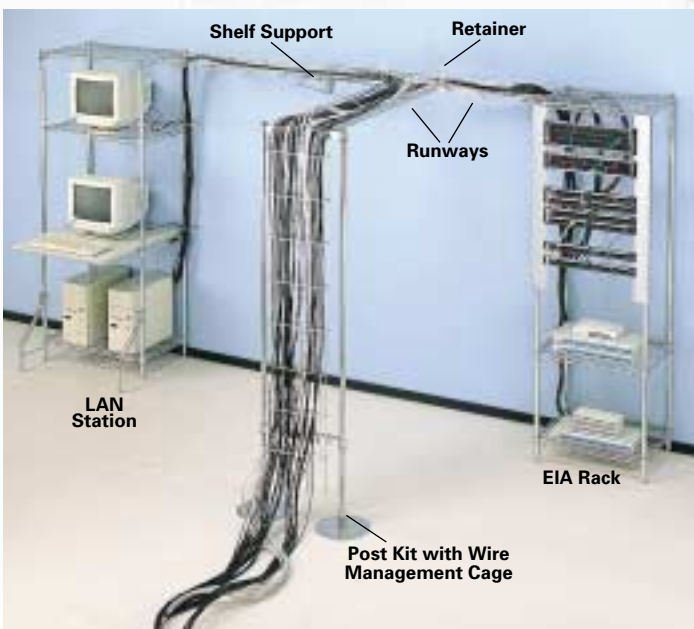

Wire Management System and EIA Rack

Start your wire management system with a 48" long runway and connect with splice kits for extended runs. Create T-crossings by snapping runways to runway and then a runway retainers to direct wires around corners.

Wall and Ceiling Mount Supports and Wall Shelf Brackets can be used to attach runways to walls. Suggested for support of extended runs. Or, suspend your wire management system from the ceiling using the Suspension Kit.

Description	Model
48" L x 14" W Runway	R4
Splice Kit (to connect runways)	RS
Runway Retainer (set of 2)	RI
Wall Mount Support	WI
Wall Shelf Brackets (set of 2)	AB
Suspension kit (Two 6ft. rods & brackets)	R:

Organize your cables vertically with Shelf/Post Brackets that attach to wire shelving units. Post Kits are available to create a free-standing unit. Complete with (2) 74" H posts, (2) adjustable with post braces (from 16²/₃" to 22¹/₂" W) and foot plates. Add Wire Management Cage for additional organization.

EIA Rack holds patch panels, modem racks or other electronic equipment. 24" W x 18" D x 74" H wire rack includes 2 shelves, 4 posts and a set of 36" L EIA Rails with 20 cage nuts. Additional shelves, EIA rails and cage nuts are available. Optional wire management cage helps organize your cables.
