

DEALER DISPLAY RACKS

Point of purchase display racks help to increase sales of shelving

Standard Shelving Display

Each unit can display approximately 24 shelves up to 48" long and up to 80 posts. Includes two plastic bins to hold shelf clips and S-hooks.

Display unit can be made mobile by ordering the appropriate stem casters from page 34.

Model **SD2448**
Size: 24"W x 54"L x 66"H (Includes sign)
Finish: Chrome

Loadmaster Display

This unit is designed to display Loadmaster shelving. Display can hold up to 6 complete units. Top shelf can be used to display casters boxed as one set per carton.

In addition to the main sign, an additional sign panel is included which will allow you to mark your selling price.

Display unit can be made mobile by ordering the appropriate stem casters from page 34.

Model **LD2448**
Size: 24"W x 48"L x 73"H (Includes both signs)
Finish: Black Epoxy
